

Hardwood Renew

❖ For use on parquet,
laminate and
hardwood floors

Floor Refinisher

Description	Hardwood Renew is a non-yellowing urethane floor refinisher that is an easy and practical way to hide small scratches and bring new life and shine back to your parquet, laminate or hardwood floor. Hardwood Renew will dry quickly to a scuff resistant mirror gloss.
Uses	A water-based hardwood floor refinisher designed to be used over any urethane-finished or unfinished hardwood floors.
Application	First clean floor thoroughly with R&D/Jeric Parquet, Laminate and Hardwood Floor Cleaner to remove wax and dirt build up. Using the applicator brush, spread a thin coat of Hardwood Renew evenly over surface to be treated. A second coat may be applied approximately 30 minutes later, after the first coat is dry. Avoid puddling of Hardwood Renew. For regular maintenance, use R&D/Jeric Parquet, Laminate and Hardwood Floor Cleaner.
Note	<p>STORE AT ROOM TEMPERATURE</p> <p>A test area is recommended prior to use to ensure satisfaction of sealed area.</p> <p>DO NOT USE CLEANERS CONTAINING AMMONIA</p>
Coverage	15-20 m ² (160-215 ft ²) per 473ml bottle.
